Subject: Question about the Rodenticides NOIC FRN Publication Date

Hi Carol and Rusty,

Just want to confirm the publication date for the FRN on the NOIC. Are we still on for the February 13th publication? I'm updating our communication planning report and would like to add that in the listing. Also, did Rick provide any guidance on how he would like to communicate the publication? Does he just want an update on the Web site with a link to the FRN? Anne mentioned doing that and an sending out an internal alert to notify folks at HQ and the regions. Any thoughts?
